

## Dynamic Learning Maps (DLM) Discussion Points

2018 -19 Academic Year

- Why did my son/daughter take this test?
- What does this test measure?
- How was the test given?
- How will you use the results?

As with any assessment, this is only one measure of a student's academic performance. It is only through *multiple* assessments (for example, teacher developed assessments, state and district assessments) that we are able to develop a clearer picture of a student's current level of performance as well as their growth over time.

Further information and resources for families and educators about this and all district and state assessments can be found on our website: [mmsd.org/assessment](http://mmsd.org/assessment)
