

GOLD Discussion Points

2020-21 Academic Year

- How is my child doing compared to a “typical” student at this level?
- What improvement have you seen between observations?
- Are there areas that my child needs help with?
- What can I do at home to help my student?

As with any assessment, this is only one measure of a student's academic performance. It is only through *multiple* assessments (for example, teacher developed assessments, state and district assessments) that we are able to develop a clearer picture of a student's current level of performance as well as their growth over time.

Further information and resources for families and educators about this and all district and state assessments can be found on our website: mmsd.org/assessment
