

Reading Inventory (RI) Discussion Points

2018-19 Academic School Year

- How is my child doing compared to a “typical” student at this level?
- How often is this given to my student?
- What improvement have you seen between starting the intervention (READ 180 or System 44) and now?
- What can I do at home to help my student?

As with any assessment, this is only one measure of a student's academic performance. It is only through *multiple* assessments (for example, teacher developed assessments, state and district assessments) that we are able to develop a clearer picture of a student's current level of performance as well as their growth over time.

Further information and resources for families and educators about this and all district and state assessments can be found on our website: mmsd.org/assessment
